

Beautifully slim and light with the smallest body in its class, the VPL-PHZ61/51 laser projectors combine outstanding picture performance with up to 7,000lm\* center brightness and impressive reliability. With flexible installation options, minimal maintenance, and 4K 60P input support, these projectors are an ideal choice for today's integrated AV environments

**Features:**

- Bold, rich color, even in brightly lit rooms
- 4K 60P input support
- Clearer images and text
- Brighter for longer with less maintenance
- Enhanced viewing experience
- Crisp, high-impact images
- Sophisticated design and installation flexibility
- Beautifully slim and stylish
- Generous lens shift range
- Hassle-free filter care
- Data cloning
- Auto input select
- Auto power on
